AWARDS 2021

FINALIST

BOOKKEEPER
OF THE YEAR

Are you diving into your numbers monthly? To optimise your business performance?

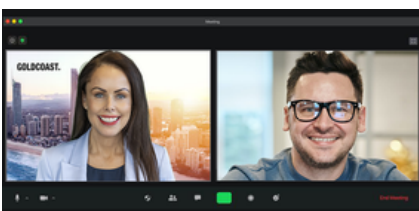

Because if you're not, you're leaving profit & cash on the table. How do I know that? Because you can only improve what you measure and you're not measuring.

The **Virtual CFO Program** gives you the opportunity to take time out to work on the business rather than just in it. And as you work with us, month by month, you'll build on each session and move forward.

WHAT YOU GET

- Pre-work by your Virtual CFO
- A recorded zoom meeting with you
- Deep dive into the profit & loss
- Meaningful Q & A for "aha" moments
- Other discussions tailored to your needs (ie: AP, AR, Balance Sheet)
- Action Planning

Work The Numbers System

WORK THE NUMBERS SYSTEM

No system works, you work the system. The Virtual CFO program "is" our 5 step numbers system and it will help you pull more time, money & freedom out of your business.

"There is no successful business owner who doesn't know and use their numbers. Your numbers are the foundation upon which everything else is built."

The Virtual CFO program is the ideal way to begin to bridge the gap between where you are now & where you want to be in the future. To achieve your 10/10.

Kirsten says "I couldn't have grown my team without the confidence that the Cloud 9 Virtual CFO program gave me, it's been game changing".

- Level up your knowledge around the numbers
- Get Strategic around your numbers
- Set targets, KPI's and develop the critical drivers
- Compare budgets to actuals & then take the action needed to improve your business performance
